Murshidabad, West Bengal

Score: 73.67

Secondary (State Board) | Jangipur Muniriah High Madrasah

2014

Murshidabad, West Bengal

Score: 61.87

## PROJECTS

Arduino Based BOT - IoT and Microcontrollers |

Jan 2018 – Apr 2018

It is a 4-wheeled mobile control through voice commands bot with awesome performance completely made from scratch materials with high innovative thinking being put on the bot to make it highly optimised and reliable.

Library Management System - Java and MySQL |

Feb 2021 – Mar 2021

It is a simple desktop application with GUI facilities for managing library easily. It has several functionalities like add student, add books, issue book to a student, return book from student etc. I have used Java Swing for front end and MySQL with Wamp server for back end.

## EXTRACURRICULAR ACTIVITIES

- Have awarded by ISRO-IIRS for Completing and qualifying an online course on "Geospatial Inputs for Enabling Master Plan Formulation".
- 5 stars in java at HackerRank.
- Have done certification courses on Java, Python, Git and GitHub from Udemy. And SQL fundamental, R programming (Basic-Intermediate), Shiny fundamental, from DataCamp.
